LEATHER FOR DEADLY STUFF

ABOUT US

TAIPAN's products are handcrafted using the best world class cowhide leather, an outstanding difference with any other similar leather product.

The raw material is the unique BRANGUS CATTLE LEATHER, a type of cowhide leather with superb features that makes the finest and stronger cowhide available in the world.

Brangus cattle is a cross between Angus and Brahman cattle breeds. They combine the superior traits of heat tolerance from Brahman and excellent meat qualities from Angus to create a hardy and high quality beef cattle.

And so is the leather, being strong, elastic and water and humidity resistant by the fiber which is unique on any cowhide leather.

Brangus cattle were first developed in the early 1900's in the southeastern United States which has a hot, humid climate less suitable for best British breeds.

What makes the Brangus leather the best world class cowhide. Has a heat tolerance and longevity in challenging environments and disease resistance against parasites and mastitis.

TAIPAN products are all handcrafted using exclusively Brangus leather, what makes the TAIPAN leather crafts as the best ever made, surpassing any other leather products, with its outstanding quality.

Gun Holsters; Sheaths and leather products by TAIPAN; are the top notch in the market, delivering the highest quality can be found.
